HOTTEMP Digital Thermometer HT-305 / HT-306

HOTTEMP Digital Thermometer are a handy, economical, compact thermometer which consistently provides high precision and accuracy regardless of environmental conditions.

Features:

- Available in 2 models:

Model HT-305: Single Channel Input

Model HT-306: Dual Channel Input

- Input Sensor: Thermocouple Type "K"

- Data Hold Function

- Resolution: (HT-305: 0.1°C / 0.1°F, 1°C / 1°F) (HT-306: 1°C / 1°F)

- Response Time: 15 Seconds

- Wide Measuring Range: -50°C ~ +1300°C (-58°F ~ +1999°F)

- Low Battery Indication

- Celsius (°C) or Fahrenheit (°F) for Selection

- Offset Adjustment

- "OL" Display When Overload Or No Signal Input

- Constructed Of Durable ABS Plastic/Neoprene with Rubber Holster & Stand Rack

- Wide Range Of Specialized Probes Available
