## HOTTEMP Digital Thermometer HT-305 / HT-306

*HOTTEMP Digital Thermometer are a handy, economical, compact thermometer which consistently provides high precision and accuracy regardless of environmental conditions.*

*Features:*

*- Available in 2 models:*

**Model HT-305: Single Channel Input**

**Model HT-306: Dual Channel Input**

*- Input Sensor: Thermocouple Type "K"*

*- Data Hold Function*

*- Resolution: ( HT-305: 0.1°C / 0.1°F, 1°C / 1°F ) ( HT-306: 1°C / 1°F )*

*- Response Time: 15 Seconds*

*- Wide Measuring Range: -50°C ~ +1300°C (-58°F ~ +1999°F)*

*- Low Battery Indication*

*- Celsius (°C) or Fahrenheit (°F) for Selection*

*- Offset Adjustment*

*- "OL" Display When Overload Or No Signal Input*

*- Constructed Of Durable ABS Plastic/Neoprene with Rubber Holster & Stand Rack*

*- Wide Range Of Specialized Probes Available*
